

CRE HiPP PhD Research Support Grant Scheme

Is your PhD related to maternal lifestyle health during preconception and pregnancy?

Research support is available to PhD students if your project relates to maternal lifestyle health during preconception and pregnancy.

\$3K per application, available for competitive and eligible applicants – funding can be used to support activities such as:

- Placement/Secondment Program to visit and work in areas and/or with other groups outside of their usual PhD setting
- Meeting/Workshop support to foster collaborations with national/international colleagues
- Conference/Professional Development support*
**Related to maternal lifestyle health during preconception and pregnancy*

CRITERIA

- You have a CRE HiPP CI or AI as a supervisor - OR - you are a member of the HiPPP EMR-C Collective*
**Does not need to be your primary supervisor*
**Preference will be given to PhD students who network as a result of the attendance at a conference (even if virtual) or attend Professional Development*
- Each grant is for a duration of 12 months: 11th July 2022 - 10th July 2023
- Any unspent funds will be returned to CRE HiPP at the end of the grant funding period

KEY DATES

Applications Open: Monday 2nd May 2022

Applications Close: Friday 10th June 2022

**Successful applicants will be informed by Friday 8th July 2022*
